

Culinary Food Truck Camp

HY-VEE EAU CLAIRE, WI

ABOUT

Hands-on summer camp experience where students in grades 6–8 will learn from local Hy-Vee culinary experts about food preparation and the basics of business planning. Through JA lessons, participants will develop key entrepreneurial skills by creating a business plan, logo and crafting a menu for their own unique food truck concept. The camp will conclude with an exciting final challenge: students will create a no-bake or ready-made menu item that reflects their theme, which will be presented—along with their food truck design, menu, and budget—to a panel of local judges.

WHEN

Tuesday, August 11th-Thursday, August 13th, 2026
