

# How You Can Support Wisconsin's Youth

At Junior Achievement, we work with young people every day to help them discover what's possible in their lives. JA helps them invest in their future, gain a better understanding of how the world works and pursue their dreams.

At this time of year, lots of organizations are reaching out for help and it can be hard to know which causes are most worthy of your support. You want to be sure the groups you support are well-established and have a proven record of positive results.

In Wisconsin, no other state organization is better positioned to impact students with financial education, career readiness and the entrepreneurial spark, which contributes to the vitality of our community and a well-prepared workforce.

We're proud to say:

- JA of Wisconsin continues to be one of the most successful affiliates of JA USA, ranked third among 99 U.S. affiliates.
- Operating as a 50(c)(3) nonprofit since 1941 JA of Wisconsin has been a consistent positive influence in the state by focusing on education, economic and youth development.
- JA of Wisconsin was honored with the Wisconsin Financial Literacy Award by Governors Walker and Evers for its financial literacy education efforts with Wisconsin youth.
- JA USA has received Guidestar's highest Platinum level Seal of Transparency.
- JA USA has been nominated for the Nobel Peace Prize for a third consecutive year.

For communities, educators, and families in Wisconsin, the need for Junior Achievement programming is at an all-time high. This is your last chance in 2024 to add your support to our “Boundless Possibilities” fundraising campaign, wrapping up December 31.

Raise your hand to do your part to help Wisconsin’s young people on their path to success! We can’t do it alone. [Please show your support today.](#)
