

Unleash Your Potential with Laura Bratton: “Harnessing Courage”

EPIC21 Executive Peers in Conference brings national speaker Laura Bratton to the greater La Crosse area.

At the age of nine, Laura Bratton was diagnosed with a rare eye disease and was faced with the difficult reality that she would lose her eyesight.

Over the next ten years Laura experienced the traumatic transition of adjusting to life without sight. Laura shares the incredible journey that has been difficult, frustrating, overwhelming, and yet full of courage, joy, and love.

You will learn how she applied "Grit and Gratitude" to the many challenging steps on her journey to success. Bratton incorporates real life stories that you can apply to your daily life when faced with adversities. Laura's inspirational story will infuse you with the same "Grit & Gratitude" that contributed to her success.
