

# Green Bay Packers Foundation Teams Up on Education

*Junior Achievement of Wisconsin team members accept donations at Lambeau Stadium with ex-Packer, Dorsey Levens.*

The Green Bay Packer Foundation announced in November it has selected Junior Achievement of Wisconsin as one of the state's civic and charitable groups it will support in the coming year. Wilson Jones, chairperson of the Foundation, made the announcement, honoring and recognizing the outstanding efforts and services performed by each of the organizations.

"We are incredibly grateful for the work the recipient organizations carry out each and every day," said Packers President/CEO Mark Murphy. "The Packers are honored to recognize and support their dedication to positively impacting their communities." This year, the Foundation directed its funding toward organizations that support Wisconsin's needs in the areas of arts and culture, athletics and education.

JA was selected as one of the Foundation's grant recipients out of hundreds of organizations that applied, following a rigorous application process and review by the Foundation's Trustees. The grants awarded by the Foundation are not recurring and must be used for the specific program or initiative for which the organizations applied. To receive the Foundation's support, JA was required to demonstrate how our work perpetuates a community environment that promotes families and ensures the safety and education of children.

All of us working with and for JA across the state are excited for the opportunity to "team up on education" with the Green Bay Packers Foundation for K-12 hands-on learning and lifelong success.
